

BE SMART. FLEXIBLE. PROFITABLE. READY.

 **versagrid™**
flexible merchandising system

GET **VERSAGRID™** TODAY AND
BE READY FOR TOMORROW!

Designed for dense merchandising of impulse items in high traffic areas, **VersaGrid™** is a flexible merchandising system scientifically developed to meet front-end cost share and design requirements while enhancing the shopper's overall experience. Cannon Equipment's innovative modular system is permanent, reconfigurable, and sustainable. Designed to last 10+ years, **VersaGrid™** provides more value in the form of increased flexibility, shorter lead times and lower total lifetime cost of ownership.

Be ready for tomorrow today, with VersaGrid™ flexible merchandising system!
